The last few weeks' progress can be summarized as follows:

1. **2026-02-18** - Added `email.py` to potentially send emails and added a `.pdf` function in `summary.p

2. **2026-02-18** - Updated `summary.py`.

3. **2026-02-18** - Changed the AI model to a more precise/larger one.

4. **2026-02-18** - Enhanced the prompt for better functionality.

5. **2026-02-18** - Regular updates to `summary.py` with new features or improvements.

This progression indicates continuous development and enhancement of the project, with a focus on add
